“ When I think of Dorothy, I think her picture should be beside the word JOY in the dictionary. Dorothy lived up the road from us on Buffalo Creek, her kids smiled, just like her. I never saw her, but she had a smile on her face that reached her eyes. I can't imagine the joy that is on her face now. I know, Sheila, that you won't miss her so much with all of the rest of your family. Heaven just became even greater with her there. The Fulks family loves you all.

“ *Our love surrounds you in the loss of your mom. What a day that will be when you see her again in her glorified body. I hope she's still just as spunky as she was here. I love you both and your family. We are praying for you.*

“ We've known Dorothy since we were babies. She always wanted to whip Bobby when he was in her Sunday School class. Every time we saw her she mentioned this and laughed. LOL She was definitely a special lady in our lives and she will be forever missed. Words simply can't express how sorry we are for her families loss. Bobby and Trina Young

“ Monica and I are so sorry to hear about Dorothy's passing. We just loved her; her laughter and unique perspective on life. She was so fun to be around and had her own way of making you feel loved and appreciated. One funny memory (and there are many), when we were moving back home to Louisville, she asked how long we had been at Jefferson Avenue Church of God. After telling her 10 years, she declared "it has taken me 10 years to get to like you and now you are leaving". She had a very special way of making you feel loved, and we definitely did feel her love. Chris & Monica Dehner

“ I met sister Dorothy in May of 1992, when I first started attending the Jefferson avenue Church of God.

She immediately made me feel like part of the church and part of her family. I grew to love her dearly throughout the years. I even called her Aunt Dorothy.

She always had something witty to say she always has something kind to say.

I will miss her terribly. I'm glad she is at rest and with other family members.
