“ Q: How would you describe John to someone who had never met them?

A: John was an easy going fun loving guy that made our friendship lasting. We used to go to the YMCA together before my departure to the military in 87. Johns family was very welcoming to all and very nice people. You will be missed old friend.

“ I met John in 1971 at Chesapeake High School, He, myself and another mutual would get together at my house quite often and play guitars together. The three of us went to my first concert together. Those events as well as just hanging out or cruising Huntington on weekend nights were our pastimes. John was loved by many including myself and will be missed dearly. Rest easy my old friend....
