“ You always had your maxy barbie, I was so jealous of that stupid doll. You would hide it in the closet on something hanging in the closet. We could always make one another laugh. You were always the one person that did listen. You loved me back. You were my big sissy. I'm so sorry life took you so early. I'll always cherish every little and big memories that we created side by side. Rip until we meet again 🥹
