“ To The Family, Ms. Cremeans was the greatest teacher that I ever had. She saw in me things that other teachers didn't see. See always pushed me to do my best. Once she made me write the letter b in cursive 250 times because I wasn't making it correctly. She saw that the reason I was having trouble reading wasn't because of my ability but because I couldn't see up close. She wrote my mom a letter and called her that evening to make sure that I had given it to her. I never had the chance to tell her how much that she meant to me. She was a great person and a wonderful teacher.

“ I taught across the hall from Pat for quite a number of years. She was an outstanding teacher. I know, for I had the students the following year that she had taught. Kudos, Pat. I hope you knew you helped make my job easier. I never did get to hear you play the piano. Perhaps at another time. . . A longtime friend, David L. Thompson 🍎
