“ I only knew Tyler for about 6 months. He was my peer mentor at recovery point Huntington. I was in complete demoralization when I arrived there. Death seemed like the only viable option. He seen I was in distress and took his time to get one-on-one with me. We had many discussions and he helped me tremendously. I'm still sober and alive today. Thank you Tyler Webb. Rest in peace brother.

“ I remember when I first met Tyler I automatically liked him he reminded me of my son which is named Tyler also my husband Keith Grose worked with him at RPH a young boy had left the program and I was given Tyler and Keith a ride back from a morning meeting and they seem the young boy as we passed Sheetz and told me to stop and pick him up Tyler called everywhere trying to get this boy back into rehab somewhere Tyler finally asked me to go by point Cafe and he talked to Shane and they got the boy into a place. I admired his knowledge his compassion and him for helping the boy because I knew he had words with the boy before and even after that but he still wanted to do what he could to help him Tyler will always be loved by us he made such an impact on us we surely miss him and probably will for along time my heart is broken for his family and each one is in our prayers we are so sorry for your loss of such an amazing young man
